Re: Drinking Water Training Request for Renewal Training Credit (RTC)

Dear Mr. Davis:

We have reviewed your request for pre-approval of drinking water related training for certification renewal credit in Illinois. The following course has been approved:

Operator Basics – 14 Hours RTC

**Please be advised that it will not be necessary to acquire additional approvals for this same training when it is offered in the future.** Be sure to tell the operators to list the course title exactly as approved in this letter when submitting the operator training submission form to the Agency.

Thank you for seeking approval for your drinking water related training. Carefully read the enclosed Fact Sheet. You may wish to read portions of it to the operators attending your sessions. If you have any questions, please feel free to telephone me at the above number.

Sincerely,
